

**THE CROSSROADS MANX WORKSHOP,  
PREVIOUSLY KNOWN AS THE MANX  
WORKSHOP FOR THE DISABLED,  
HAS BEEN PART OF THE CROSSROADS  
FAMILY SINCE 2021.**

The Workshop was founded to help people with disabilities and health conditions realise their full potential whilst being in paid employment, and this is still at the heart of the Workshop today.

The Workshop offers a valuable therapeutic service to a number of individuals with health conditions and disabilities and strives to empower them through training and skills building.

Our Workshop team is made up of staff and volunteers who work together to learn new skills. We strive to create high-quality products and deliver a great customer service, whilst giving people access to meaningful work and the opportunity to achieve their full potential.

**OUR WORK**

- Wooden Garden Furniture**
- Small Handmade Wooden Items**
