Contact

If you would like more information about our charity or you would like to make a referral then please contact us on 673103

We welcome referrals from carers, family members, professionals or anyone who feels that we can help.

All our schemes are maintained through grants, fundraising and donations. If you feel you could help us to care for carers please contact our office.

Crossroads is a Manx registered charity that has been providing respite to Island carers for over 20 years.

***

Our schemes help every carer regardless of age or individual care needs.

Manx Registered Charity 383
Carers
Carers can be parents, siblings, grandparents, spouses, partners or friends who look after someone.

The person they look after has a care need that could be through old age, disability, illness, mental health or substance misuse issues.

Crossroads offers meaningful respite care to all carers, regardless of age, care needs or family circumstances.

Carers are at the heart of everything we do!

Carers save the economy millions of pounds every year by providing unpaid care and support, and relieve the pressure on our statutory services.

Care at Home
Crossroads provides a trained carer support worker to take over from the carer for a few hours each week.

Carer support workers allow the carer to go shopping, see friends, keep appointments or even just have a bath.

A full assessment of both the carer and cared for is carried out prior to service, resulting in a comprehensive, needs-led care plan.

Crossroads provides a meaningful respite service that fulfils the needs of the carer and cared for.

All support workers are fully trained, experienced, insured and police vetted.
